

MINUTES OF MEETING OF BOARD OF DIRECTORS  
JUNE 15, 2023

THE STATE OF TEXAS §  
COUNTY OF HARRIS §  
HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 132 §

The Board of Directors (the “Board”) of Harris County Municipal Utility District No. 132 (the “District”) met in regular session, open to the public, at the Atascocita Waste Water Treatment Plant, 5003 Atascocita Road, Humble, TX 77346, at 3:00 p.m. on June 15, 2023, whereupon the roll was called of the members of the Board, to-wit:

Tim Stine, President  
Michael Whitaker, Vice President  
Gregg Mielke, Secretary  
Joey Lopez, Assistant Secretary  
Vacancy

All members of the Board were present. Also attending all or parts of the meeting were Mr. Luis Guerrero of G&A Boring Direccional, LLC (“G&A”); Mr. Bob Thomas, Ms. Gianina Jasso and Mr. Drew Thomas of Thomas Safety Consulting, LLC, owner’s representative for the District; Mr. Nick Bailey of BGE, Inc. (“BGE”), engineers for the District; Ms. Lina Loaiza of Bob Leared Interests (“Bob Leared”), Tax Assessor and Collector for the District; Ms. Karrie Kay of Myrtle Cruz, Inc. (“MCI”), bookkeepers for the District; Mr. Allen Jenkins of Inframark (“Inframark”), operator of the District’s facilities; and Ms. Kathleen Ellison and Ms. Jane Maher of Norton Rose Fulbright US LLP (“NRF”), attorneys for the District.

**Call to Order.** The President called the meeting to order in accordance with notice posted pursuant to law, copies of certificates of posting of which are attached hereto as *Exhibit A*, and the following business was transacted:

1. **Public Comments.** There were no public comments.

2. **Receive status update on water treatment product.** The Board discussed the use of the product for water disinfection previously offered to the District. The President asked Mr. Bailey for his input. Mr. Bailey stated that the while the product seems good, the District does not have a calcification problem, so he’s not sure how useful the product would be for the District. He noted that for the District, the potential benefit may be the reduction in use of chlorine. Discussion ensued regarding how the use of the product may interfere with the District’s interconnects with other districts. It was the consensus of the Board not to participate in the program. The President instructed Ms. Maher to notify Mr. Feriante that the Board elected not to participate in the program at this time.

3. **Minutes.** Proposed minutes of the meeting of May 18, 2023, previously distributed to the Board, were presented for approval. Upon motion by Director Mielke, seconded by Director Lopez, after full discussion and the question being put to the Board, the Board voted unanimously to approve the minutes of the meeting of May 18, 2023, as presented.

4. **Elect Vice President of Board.** The President stated that since Don House resigned from the Board last month, the Board needs to elect a Vice President. The President nominated Director Whitaker as Vice President. Upon motion by Director Mielke, seconded by Director Lopez, after full discussion and the question being put to the Board, the Board voted unanimously to elect Director Whitaker as Vice President.

5. **Review Tax Assessor and Collector's Report and authorize payment of certain bills.** The President recognized Ms. Loaiza, who reviewed with the Board the Tax Assessor and Collector's Report, a copy of which is attached hereto as *Exhibit B*. She reported that 98% of the District's 2022 taxes had been collected as of May 31, 2023.

Ms. Loaiza stated that there are nine checks being presented for Board approval.

Ms. Loaiza stated that Bob Leared received the District's 2023 preliminary value of \$858,167,232. She noted that the value is approximately a 15% increase, and that the value is before protests.

Upon motion by Director Lopez, seconded by Director Mielke, after full discussion and the question being put to the Board, the Board voted unanimously to approve the Tax Assessor and Collector's Report and to authorize payment of check numbers 1191 through 1199 from the Tax Account to the persons, in the amounts, and for the purposes stated in the report.

6. **Review Bookkeeper's Report, authorize payment of bills and approve Investment Report.** The President recognized Ms. Kay, who presented to and reviewed the Bookkeeper's Report, the Investment Report, and the Deposit Collateral Report, copies of which are attached hereto as *Exhibit C*.

Ms. Kay reviewed the revenue and expenses included in the report. She stated that there are 27 checks for the Board's approval. She presented an additional check not listed in the report: check no. 1546 to Stuckey's in the amount of \$1,105.00.

Ms. Kay reviewed the budget. She stated that she will place the fence repair under the Sanitary Sewer Repair (Pine Green Line) budget item.

Upon motion by Director Mielke, seconded by Director Whitaker, after full discussion and the question being put to the Board, the Board voted unanimously to accept the Bookkeeper's Report and to authorize payment of check numbers 1519 through 1546 from the Operating Account to the persons, in the amounts, for the purposes stated therein.

7. **Review Operations Report, consumer confidence report and authorize District maintenance and termination of delinquent accounts.** The President recognized Mr. Jenkins, who reviewed the Operations Report for May 2023, a copy of which is attached as *Exhibit D*.

Mr. Jenkins reported a 100.4% accountability for the period April 27, 2023-May 24, 2023.

Mr. Jenkins reviewed the Executive Summary, the Major Maintenance Summary for May, and the delinquencies. He reported that 60 letters were mailed, 30 delinquent tags were hung, and

six accounts were disconnected for non-payment.

Mr. Jenkins reviewed a level and sod estimate for 20402 Spoonwood Dr. in the amount of \$1,125.00. He stated that the resident is complaining that the utility work on her street in connection with the water line replacement project Phase 2 had resulted in a depression in her yard and this was the estimate to fix it. Director Whitaker stated that there is a total of five homes with the same problem due to the utility work. The Board discussed getting a proposal to fix all the yards at once. Director Whitaker agreed to coordinate with the contractor and get a proposal for fixing all five yards. Mr. Jenkins stated that he will inform the resident that the Board is considering fixing all homes affected at the same time.

Upon inquiry from Mr. Jenkins, the Board indicated that the District would pay Weisinger directly for the emergency repair at the well at Water Plant No. 1.

The President stated that there was a meeting with Tetra Tech, Weber and Texas Department of Transportation (“TxDOT”) regarding payment of the District’s costs associated with a water line break during the FM 1960 expansion. He stated that TxDOT is taking responsibility and will process a change order to the Advance Funding Agreement. Ms. Ellison stated that NRF sent a letter to Tachus, Storm-Tek and American Utility Company regarding reimbursement for damages but has not received a response.

Upon motion by Director Whitaker, seconded by Director Mielke, after full discussion and the question being put to the Board, the Board voted unanimously to approve the Operations Report and to approve termination of the delinquent accounts in accordance with the terms of the District’s Rate Order.

**8. Report of Owner’s Representative on construction progress and any necessary action.** The President recognized Mr. Bob Thomas, who provided an update on the Waterline Replacement, Phase 3 project. He presented to and reviewed with the Board the weekly schedule summary, a copy of which is attached hereto as *Exhibit E*. He reported that they are on day 144 of the contract.

Mr. Guerrero stated that 1,356 feet of pipe have been installed in the ground since the last meeting. He reported that there are additional crews coming out Monday to help with the project. He noted that section four is currently being worked on and all that is left for section one is installing the taps and hydrotesting. Discussion ensued. Director Whitaker expressed concern with the project being completed on time. He noted that for the contractor to get near the target, production would need to increase by four times. Further discussion ensued.

Director Whitaker stated that management is under staffing the project and unless management adds crews to the project, meeting the 270 day mark won’t be possible. The Board discussed options on how to proceed with the project. The President stated that the priority should be completing section 1. He proposed withholding payment until a schedule is provided. Mr. Guerrero said G&A would not be able to proceed without receipt of the check. Mr. Guerrero left the meeting at this time.

Mr. Thomas stated that he will try to set up a meeting with the owners of G&A and Director

Whitaker. The Board authorized Director Whitaker to notify MCI to release the check following the meeting.

Mr. Bailey informed the Board that he received an email from the surety company asking about the status of the project. It was the consensus of the Board to authorize Mr. Bailey to respond to the surety company and inform them of the Board's concerns of quality of work and timing. It was also the consensus of the Board to direct NRF to send a formal notice to the surety company concerning the District's problems with the contractor and authorize Director Whitaker to notify MCI when to release the check to AECOM following the meeting with the owners of G&A.

**9. Review Engineer's Report, authorize necessary capital projects, authorize capacity commitments, review bids and award construction contracts.** The President recognized Mr. Bailey, who presented to and reviewed with the Board the Engineer's Report, a copy of which is attached hereto as *Exhibit F*.

Mr. Bailey stated that BGE will continue with the annual tank inspections this summer.

Mr. Bailey reported on the Waterline Replacement, Phase 3 project, stating that the contractor, G&A, continues pipe installation on the project. He presented and recommended approval of Pay Estimate No. 5 in the amount of \$150,493.50 and an invoice from Ninyo & Moore in the amount of \$2,648.75 for construction materials testing services. The Board noted that Ms. Kay should hold payment of Pay Estimate No. 5 until she is notified by Director Whitaker following the meeting with the owners of G&A and their submission of a schedule.

Mr. Bailey reported on the Waterline Replacement, Phase 4 project, stating that BGE has resubmitted plans for final agency approval for the Phase 4 waterline replacement project. He stated that Phase 4 will fill in the remaining areas between the first three phases and will have a similar quantity of waterline replacement as Phase 3. He noted that the scope of Phase 4 includes Pinehurst of Atascocita Section 7, Pinehurst of Atascocita Section 11, and Atascocita Shores Section 5.

Mr. Bailey discussed the Lift Station No. 1 Site Improvements. He stated that the contractor, C3 Constructors, LLC, has now stained the wood on the two gates and is complete with the project. He presented and recommended approval of Pay Estimate No. 5 & Final in the amount of \$10,597.00.

Mr. Bailey reported on the Pine Green Lane Sanitary Sewer Replacement. He stated that the contractor, Bull-G Construction, LLC, is substantially complete with the project. He noted that BGE held a final inspection on Monday and that the contractor is addressing a few minor punchlist items. He presented and recommended approval of Pay Estimate No. 2 in the amount of \$66,706.20. He also recommended approval of a check to Dean Painting & Remodeling in the amount of \$1,475.00 for the fence repair approved at the May meeting. It was the consensus of the Board to hold the check to Dean Painting & Remodeling until Mr. Bailey confirms that the resident is satisfied with the work.

Mr. Bailey reported on Water Plant No. 1 Well Repairs. He stated that prior to last month's

meeting, Weisinger, Inc. was engaged to pull and inspect the water well pump at Water Plant No. 1, as it had begun experiencing high levels of vibration and was producing particles of brass material, indicating failure of the downhole pump components. He noted that upon inspecting the pump and well, Weisinger recommended replacing the pump and column piping, as well as cleaning the well as described in their proposal dated May 30, 2023. He reported that BGE subsequently obtained approval from the Texas Commission on Environmental Quality (“TCEQ”) to proceed with the project as an emergency repair. He stated that Weisinger’s proposal was approved in a total amount of \$297,224.00 which included a two-week expedited completion schedule. He noted that the new pump and column piping have now been set and are being tested.

Mr. Bailey reported on the Drainage Channel Improvements near the apartments. He stated that BGE is requesting authorization to proceed with analysis and design for improvements to the drainage channel and culverts downstream of the Point Hole 2 culvert crossing, including the existing two 60” RCB culverts at the apartments and the two 66” CGMP culverts between the apartments and Point Hole 2. He noted that the scope will also include desilting the channel upstream of the apartments.

Mr. Bailey discussed the Additional Drainage Areas. He stated that one of these areas is the drainage channel outfall to Atascocita Shores. He stated that BGE is still requesting additional feedback from Harris County Precinct 3 regarding possible partnership on improvements to the drainage channel.

Mr. Bailey reported on the EPA Lead and Copper Rule Revisions. He stated that the EPA, under the authority of the Safe Drinking Water Act, has issued the Lead and Copper Rule Revisions, which require public water systems to develop a water service line inventory and identify any lead service lines. He noted that the service line inventory is required to be submitted to the TCEQ by October 16, 2024. He stated that BGE is submitting a proposal for Board approval to begin work on developing the service line inventory. He noted that BGE will work with Inframark as necessary to identify pipe materials for the services lines.

Mr. Bailey reported on the Atascocita Joint Operations Board (“AJOB”). He stated that AJOB meets next Tuesday and that the WWTP rehabilitation project is underway and the new sluice gates are scheduled for delivery this month.

Upon motion by Director Whitaker, seconded by Director Mielke, after full discussion and the question being put to the Board, the Board voted unanimously to: (1) approve the Engineer’s Report; (2) release Pay Estimate No. 5 in the amount of \$150,493.50 to G&A once the owners of G&A have met with Director Whitaker and provided an updated schedule; (3) approve Invoice from Ninyo & Moore for Waterline Replacement, Phase 3 in the amount of \$2,648.75; (4) approve Pay Estimate No. 5 & Final in the amount of \$10,597.00 for Lift Station No. 1 Site Improvements; (5) approve Pay Estimate No. 2 in the amount of \$66,706.20 for Pine Green Lane Sanitary Sewer Replacement; (6) release the check to Dean Painting & Remodeling in the amount of \$1,475.00 for the Fence Repair in connection with the Pine Green Lane Sanitary Sewer Replacement once BGE confirms resident satisfaction; (7) authorize BGE to proceed with analysis and design on the drainage channel near the apartments; and (8) authorize BGE to proceed with developing a water

service line inventory pursuant to the Lead and Copper Rule Revision requirements in an amount not to exceed \$30,000.00.

10. **Consider FM 1960 Widening issues, including change orders and contractor damages.** The President recognized Mr. Bailey, who stated that he submitted the supplemental agreement and supplemental invoice to TxDOT for approval. Discussion ensued regarding providing the settlement check to Mr. Isgur.

11. **Discuss and take action in connection with District communications and website.** The President stated that he included the budget summary on the website along with the Consumer Confidence Report. Mr. Bailey stated that he will provide a short article on the Water Plant No. 1 Well Repairs.

12. **Discuss director vacancy.** Director Whitaker stated that his potential candidate is no longer interested in joining the Board. Ms. Ellison stated that NRF would review District records for the resumes of the candidates who interviewed for the previous director vacancy and provide them to the Board.

13. **Other director and consultant reports.** Director Whitaker stated that a resident brought to his attention that someone is dumping residue in the street that is going into the storm drainage system. He stated that he collected a sample, sent it to a lab, and received the results. He stated that the results show a trace amount of silver. Discussion ensued. Director Whitaker stated that he will provide the results to the resident. Discussion ensued regarding appropriate regulatory agencies which could be contacted.

THERE BEING NO FURTHER BUSINESS TO COME BEFORE THE BOARD, the meeting was adjourned.

WP2 HPT2	Sept-23	2019	2022: Exterior only. Good overall condition.

We will continue with the annual tank inspections this summer.

b. Capital Improvement Projects:

i. Waterline Replacement, Phase 3: **ACTION ITEM**

The contractor, G&A Boring Direccional, LLC, Inc, continues pipe installation on the project. We are presenting and recommending approval of Pay Estimate No. 5 in the amount of \$150,493.50 and an invoice from Ninyo & Moore in the amount of \$2,648.75 for construction materials testing services. (copies attached).

The scope of Phase 3 includes Pinehurst of Atascocita Section 1, Pinehurst of Atascocita Section 9, and Golf Villas of Atascocita (Pinehurst of Atascocita Section 3, Reserve A). Two existing waterline interconnect tie-ins with HCMUD151 in Pinehurst of Atascocita Section 1 will be removed as part of the project.

ii. Waterline Replacement, Phase 4: **Update**

We have resubmitted plans for final agency approval for the Phase 4 waterline replacement project. Phase 4 will fill in the remaining areas between the first three phases and will have a similar quantity of waterline replacement as Phase 3.

The scope of Phase 4 includes Pinehurst of Atascocita Section 7, Pinehurst of Atascocita Section 11, and Atascocita Shores Section 5.

iii. Lift Station No. 1 Site Improvements: **ACTION ITEM**

The contractor, C3 Constructors, LLC, has now stained the wood on the two gates and is complete with the project. We are presenting and recommending approval of Pay Estimate No. 5 & Final in the amount of \$10,597.00 (copy attached).

iv. Pine Green Lane Sanitary Sewer Replacement: **ACTION ITEM**

The contractor, Bull-G Construction, LLC, is substantially complete with the project. We held a final inspection on Monday, and they are addressing a few minor punchlist items. We are presenting and recommending approval of Pay Estimate No. 2 in the amount of \$66,706.20 (copy attached). We are also recommending approval of a check to Dean Painting & Remodeling in the amount of \$1,475.00 for fence repair at one of the homes per the attached proposal that was approved last month.

v. Water Plant No. 1 Well Repairs: **Update**

Prior to last month's meeting, Weisinger, Inc. was engaged to pull and inspect the water well pump at Water Plant No. 1, as it had begun experiencing high levels of vibration and was producing particles of brass material, indicating failure of the downhole pump components. Upon inspecting the pump and well, Weisinger recommended replacing the pump and column piping, as well as cleaning the well, per the attached proposal dated May 30, 2023. We subsequently obtained approval from the TCEQ to proceed with the project under emergency repair authorization. Weisinger's proposal was approved in a total amount of \$297,224, which included a two-week expedited completion schedule. The new pump and column piping have now been set and are being tested.

vi. Drainage Channel Improvements near Apartments: **ACTION ITEM**

We are requesting authorization to proceed with analysis and design for improvements to the drainage channel and culverts downstream of the Point Hole 2 culvert crossing, including the existing 2 – 60" RCB culverts at the apartments and the 2 – 66" CGMP culverts between the apartments and Point Hole 2. The scope will also include desilting the channel upstream of the apartments.

c. Additional Drainage Areas: **Update**

Below is our list of areas of potential drainage improvements:

1. Drainage Channel Outfall to Atascocita Shores – We are still requesting additional feedback from Harris County Precinct 3 regarding possible partnership on improvements to the drainage channel.

d. EPA Lead and Copper Rule Revisions: **ACTION ITEM**

As discussed previously, the EPA under the authority of the Safe Drinking Water Act has issued the Lead and Copper Rule Revisions (LCRR), which require public water systems to develop a water service line inventory and identify any lead service lines (LSL). The service line inventory is required to be submitted to the TCEQ by October 16, 2024. We are submitting a proposal for board approval to begin work on developing the service line inventory, and we will work with Inframark as necessary to identify pipe materials for the service lines.

e. Atascocita Joint Operations Board: Update

The board meets next Tuesday. The WWTP rehabilitation project is underway, and the new sluice gates are scheduled for delivery this month.

f. Development Plan Reviews: No Update

g. Review and Authorize Capacity Commitments: No Update

**ACTION ITEMS:**

- 1. Approve Pay Estimate No. 5 for Waterline Replacement, Phase 3.**
- 2. Approve Invoice from Ninyo & Moore for Waterline Replacement, Phase 3.**
- 3. Approve Pay Estimate No. 5 & Final for Lift Station No. 1 Site Improvements.**
- 4. Approve Pay Estimate No. 2 for Pine Green Lane Sanitary Sewer Replacement.**
- 5. Approve Check to Dean Painting & Remodeling for Fence Repair at Pine Green Lane Sanitary Sewer Replacement.**
- 6. Authorize BGE to proceed with Analysis and Design on Drainage Channel near Apartments.**
- 7. Authorize BGE to proceed with developing water service line inventory per LCRR requirements.**

**Ref: Water Well No. 2**

Mr. Jenkins :

At your request Weisinger Incorporated has removed the pumping equipment from the district's Water Well No. 2. The equipment has been hauled to Weisinger's shop to be disassembled and inspected. The well was also televised on 5/19/2023. Please see the finding below.

### Water Well

The well was originally constructed in 1975 as a two-piece construction consisting of 840' of 18" casing and 463' of 12" liner. The original depth was 1,203.' The well was televised to a depth of 1,169'. This means that there is a good amount of fill in the well. It was also noted that there was a good amount of mineral scale on the liner. For these reasons it is the recommendation of Weisinger Incorporated that this well be mechanically cleaned and re-televised. Please see the pictures below.

### Scope of Services – Approved and Completed to Date

- Mobilize pump service rig crew to pull existing pumping equipment.
- Remove the pumping equipment from the well under normal removal procedures.
- Haul the well pump, motor, and column assembly to our facility, perform disassembly, inspection, and present a report of our findings.
- Perform a TV survey of the well and present a report of findings.

**Work Completed to Date.....\$9,000.00**

### Scope of Services for Water Well Rehabilitation

- Mobilize Equipment On-site to Mechanically Clean Well.
- Wire Brush Well.
- Jet Fill.
- Perform a TV Survey of Well.
- Agitate Sodium Hypochlorite into Well.

**Estimated Subtotal for Scope of Services outlined .....\$51,680.00**

## Pumping Equipment

The pumping equipment has been disassembled and inspected and the findings are as follows. The pump bowls and impellers were worn due to vibration. The inner column assembly was found to be outside factory tolerance, and the column pipe was found to have heavy pitting. It was also noted that the motor had Megged to ground. It was also noted in the GM Services Report that the motor had heavy vibration in the top bearing. For these reasons it is the recommendation of Weisinger Incorporated that the pumping equipment be replaced with the exception of the discharge head and the motor be repaired. Please see the pictures below.

## Scope of Services Pumping Equipment & Installation

- PGI 1,500 GPM @ 336' TDH Pump. \$25,850.00
- 440' of 10" X 2 1/2" X 1 11/16" Column Assembly. \$90,290.00

Re: Engineering Services for Lead and Copper Rule Revision Inventory  
Harris County MUD No. 132 (the "District")

Dear Sirs:

As per your request, we are submitting our proposal for your approval for the preparation of the District's service line inventory database to submit to the TCEQ in compliance with the Lead and Copper Rule Revision (LCRR). This proposal was prepared in accordance with the current Master Agreement for Engineering Services between The District and Brown & Gay Engineers, Inc.

### **Scope of Work**

Phase I scope of work for this project will include the development of a full inventory database of all service connections for providers and customers, according to the template provided by TCEQ. The database will initially be developed from appraisal district parcel information to get the address data, building information, and additional information for service locations. Software, like ArcGIS Pro and Microsoft Excel, will be used for post-processing and exporting the resulting data. Phase II scope of work will include identifying and prioritizing required field investigations and coordinating with the District Operator to classify all services lines as "Lead", "Non-Lead", "Galvanized Requiring Replacement" (GRR) or "Unknown". All customers with Lead, GRR or Unknown service lines will be notified within 30 days of inventory completion. We will then finalize the deliverable spreadsheet and paperwork required to submit the inventory list to the TCEQ.

Scope of work does NOT include work involving line replacements, which, if necessary, will be covered under a separate proposal when the EPA provides additional guidance regarding Lead and Copper Rule Improvements (LCRI).

### **Basis of Compensation and Fee**

The basis of compensation for the services of this project will be based on an hourly fee not to exceed \$30,000.

**Terms of Project**

The performance of the work associated with this project will be in accordance with the Agreement.

**Project Manager**

The project manager responsible for the execution of this project is:

Nick Bailey, P.E.

Please indicate acceptance of our proposal by signing below and returning a signed copy for our files. If you have any questions regarding this proposal, please do not hesitate to contact us. We appreciate the opportunity to perform this assignment and look forward to its completion.

Sincerely,
