Dear Customer,

We are writing to inform you about an important update regarding your water and sewer rates. Starting with the next billing cycle there will be an increase in the price of all water and sewer services provided by the District. The residential base quantity of 10,000 gallons per month will increase \$22.00 per month (\$10.00 water and \$12.00 sewer service) to \$48.00 per month. The revised rates are shown below.

The new rates, combined with property taxes, will provide the necessary funding to support the current cost of daily operations and essential services. The City of Houston SPA sales tax funds are reserved for infrastructure projects.
